The Gazette is again reminded that Dr Ellsbury introduced the Sally Ann Bradlev bill and gave it his earnest endorse ment. The Chillicothe Leader mentioned this fact, but the Gazette does not seem to have understood the statement.

Might it be possible that at the time of the Democratic congressional sacrifice at Chillicothe the loving sons would refuse to obey the command of the g. o. p. to strip off and mount the woodpile, and R. > The Hillsboro Gazette and West Union Defender wrangle and quarrel and scratch each other, but in point of unfounded insinuations they are nearly on a level. A few specimens from the latter sheet will illustrate our reference. The Defender says, "No man who has ever been in the Presidential chair can beat Cleveland as a farmer. Last year he took hold too late for the wheat crop, but he filled every crib in the country with corn." In another place we find the statement that "Senator John Sherman is the chief of corruptionists." The latter assertion is a bold, unscrupulous, malicious lie, without a particle of ground to justify it. And the flattering compliment paid to Grover is a brilliant sample of Democratic gall. Before New York's burly ex-Sheriff the Almighty dwindles into petty insignificance. If the President is such an adept in furnishing corn-crops he should be transferred to the Agricultural Bureau!
